

# Havre Boucher and District Medical Centre

The Medical Centre has been providing services to this community and the surrounding areas since 1985.

The Centre supports individuals and families by providing community-based programs.

## Medical Clinic Hours of Operation

**Tuesdays 1:00 pm to 4:30 pm**

**Thursdays 1:30 pm to 4:30 pm**

**Telephone: (902) 234-3435**

In addition to the medical clinic services, we currently have a number of programs utilizing our Centre. These include, but are not limited to:

- Foot Clinic
- Moms and Tots Play Group
- Al-Anon
- Women's Wellness Clinic

We have also developed partnerships with Kids First Family Resource and the Women's Resource Centre. We have a large attendance for these services with individuals travelling from Antigonish to Auld's Cove and in between. We are always looking for new programs and services to be offered in our community. To help us do this, we need your support.

Our previous campaigns have allowed us to replace sections of the roof, update our washrooms, and general maintenance of the building. We are currently asking you as our neighbours and the businesses in the area to assist us in keeping your Medical Centre running.

Sincerely

Board of Directors – Havre Boucher and District Medical Centre

The Centre's facilities are available free of charge to non-profit groups outside the hours noted above
